

THE BAZAAR.

The bazaar held last night in aid of the funds of the St. Alban's Church was one of the most successful affairs of the kind ever held in Prince Albert. Mr. Jack kindly placed his new store at the disposal of the ladies and no better place could have been had for the purpose; the store, although not quite finished, was nicely fitted up with tables and counters and the walls decorated, while the rooms in rear of the store served admirably as a kitchen and refreshment rooms.

A very large and varied number of useful and fancy articles—the result of the industry of the St. Alban's Ladies Aid Association—were offered for sale at very reasonable prices, and found ready purchasers in the good people of Prince Albert, who were present throughout the afternoon and evening in large numbers.

The bazaar was opened at one o'clock by Mr. Blair, who made a short speech appropriate to the occasion.

The ladies of the Association acted as saleswomen and judging from the result of their labors and the rapidity with which their wares disappeared, they were in every respect a success as such.

Refreshments were served throughout the evening from which a good round sum was realized. The P. A. C. Band attended in the evening and played some choice airs in a very creditable manner.

We understand that the net proceeds of the bazaar will be about \$470.

After the bazaar closed a number of the young people took advantage of the presence of the band and the fine room and indulged in an hour's social dance.

People are generally prejudiced against bazaars on the ground that they are robbing institutions, but that charge cannot truthfully be laid against the last two held in this town; in every case value was given to buyers and very often more than value. We congratulate the ladies of St. Alban's Church on the success which attended their efforts and which they so well deserved.

DUCK LAKE.

The settlers of this district will meet Mr. Mitchell, our member of the District Assembly, on his arrival at Batoche, and escort him here where a dinner will be given to him. He is expected here on Sunday week.

Last week while Anderson was bringing in the new mill machinery one of the axles broke under the boiler. Mr. Anderson had to return to Troy for a new one.

A very successful school examination took place here yesterday.

A meeting, called by Mr. Chas. Nolin, was held on Tuesday last. The object being to appoint Mr. Batoche a delegate to Ottawa in the interests of the Metis. Only six or eight people were present.

Among those registered at the Duck Lake house this week were: Messrs. J. Clark, postmaster, J. D. and W. C. well, of Clark's Crossing; Blakely, Saskatchewan; L. Lovell and J. McIntosh, of Fish Creek; Booth, Qu'Appelle; Lucier, Peterson and Lavallier, Carleton; Cameron, sr., Willoughby; Sergt. Mountain, Batoche.

On Wednesday last W. Pocha, son of H. Pocha of the Ridge, near Prince Albert, was accidentally shot at Bessy's settlement, west of Battleford. It appears that two guns were brought out to kill a steer. Peter Taylor loaded one with which the animal was shot. On the day following Walter Taylor, aged fourteen years, and young Pocha, on returning from some work, went to where the guns were standing and young Taylor picking up the shorter one, cocked it when it went off hitting young Pocha in the back. He sank to the ground and died without a struggle. At the inquest no evidence could be elicited as to who loaded the gun and it is thought young Pocha did it himself. The body was taken to Battleford where it was interred in the English Church cemetery.

Weather fine and mild. No snow yet.

GRIP'S COMIC ALMANAC.—This well-known annual for 1889, is now in the bookstores. For ten years Canada's "own and truly" Comic Almanac has delighted her people, and the new number is decidedly the best of the lot. The calendar pages are unique and ingenious; the double page cartoons, "Irrepressible Tag of War," is first-class, while there are several full-page cartoons of no less merit and any number of side-splitting illustrations. The letter-press is capital reading. Ten cents will secure the book at any newsdealer's—a modest tax for so enjoyable a merriment, surely.

HOW I SUFFERED

Seventeen years from a Skin Disease. Could not work or dress myself. A mass of scabs on my head to suit. Cured in eight weeks by CUTICURA Remedies.

At the age of three months a rash (which afterwards proved to be eczema or salt rheum) made its appearance on my face. A physician was called. He said to thing was the cause; he prescribed some cooling medicine, but the sores spread to my ears and head. Another Man was called. He professed to know all about the case, called it "Kitt's Evil," and prescribed quinine, bromine, and a lot of other things, but the disease continued. They could not do anything with it; another prescribed borax, water and flour; another, inserted poultices. Some of them did me any good at all, but made me worse. The disease continued unabated; it spread to my arms and legs, till I was laid up entirely, and I from continually sitting on the floor on a pillow my limbs contracted so that I lost all control of them and was utterly helpless. My mother would have to sit me out and into bed. I could get around the house on my hands and feet, but I could not get my clothes on at all, and had to wear a sort of dressing gown. My hair had all matted down or fallen off, and my head, face and ears were one scab, and I had to have a towel on my head all the time in the summer to keep the flies off. My parents consulted a prominent physician and surgeon here in Chicago (the other physicians before mentioned were of London and Hamilton, Canada). He said he could do nothing for me. He wanted to cut the sinews of my legs, so that I could walk; but I would not let him for if I did get better I would have no control of them. The disease continued in this manner until I was seventeen years old, and one day in January, 1879, I read an account in the Tribune of your CUTICURA Remedies. It described my case so exactly that I thought, as a last resort, to give them a trial.

When I first applied them I was all raw and bleeding from scratching myself, but I went ahead almost immediately, somehow, I had not done for years, the effect was so soothing. In about two weeks I could stand straight, but not walk. I was so weak, but my sores were nearly well. As near as I can judge the CUTICURA Remedies cured me in about six to eight weeks, and up to the date from January, 1879 to January, 1883, I have not been sick in any way, or have the least signs of the disease reappearing on me.

HORSE SHOE STORE.

Statistics state that there are nearly one-third more women than men in the world, and if the feminine increase keeps on at its present rate, a man child will be a rarity in a few years. In keeping with these facts and the desire to have the boys well dressed, and better still, the near approach of Xmas, I have decided to sell my stock of
